

CAMAERA

# OUTREACH AND DISSEMINATION PLANS

Samuel Remy and Rose-Cloé Meyer

HYGEOs, Lille, France

PROGRAMME OF  
THE EUROPEAN UNION

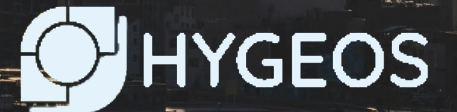

IMPLEMENTED BY

1

Coordinated by

# Outreach and dissemination – publication and conferences

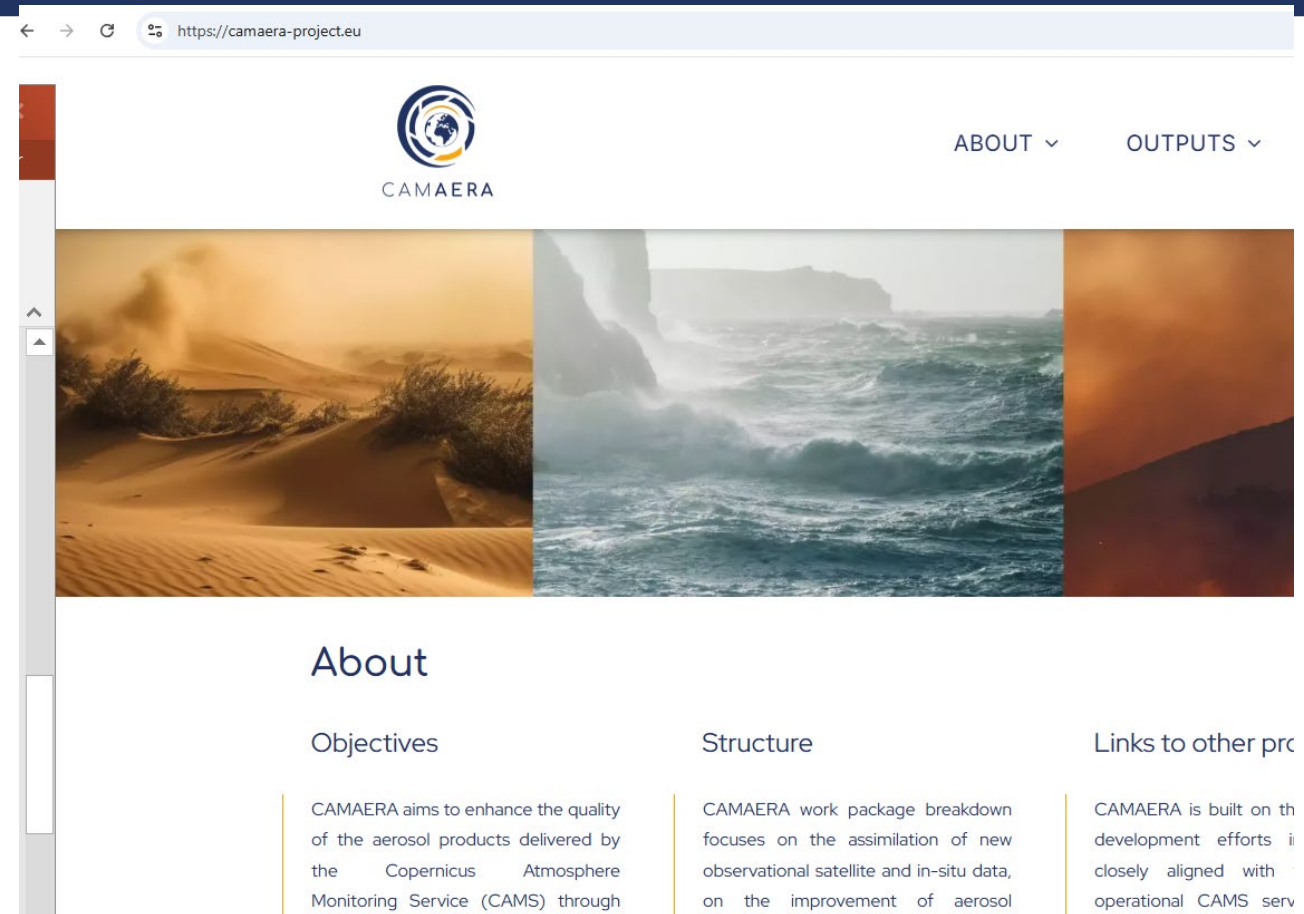

- CAMAERA and related results need to be presented at conferences and published in papers
- Examples of conference examples from the dissemination and outreach plan:
  - European Geoscience Union General Assembly
  - American Geophysical Union Fall Meetings
  - WMO/WCRP/ WWRP reanalysis conference
  - ICAP
  - Living Planet Symposium
  - IGAC (International Global Atmospheric Chemistry) <https://igacproject.org/>
- We committed to at least 3 peer-review papers, up to one year after end of CAMAERA (31/12/2026). Non exhaustive list of possible paper topics:
  - ML/NN for dust, sea-salt aerosol emissions
  - PBAP in regional/global
  - Assimilation of lidar/ceilometer data
  - Dust inversion, offline and online
  - IFS-M7
  - (...)
- Please send Silvia/Sam your presentations and papers, to be uploaded in the CAMAERA collective webspace

# Outreach and dissemination – website

<https://camaera-project.eu/>

- Includes:
  - Repository of technical/scientific deliverables and of publications
  - News items : conferences, results, anything
- Please submit ideas/drafts to Sam/Silvia
- Presentations of the GA will be made available on the website

## CAMAERA in person GA

- Campus Cyber Hauts de France - Lille Metropole, France, close to HYGEOs premises
- 4-5th of June 2025
